About Us

ABOUT US

Sai Stone is your trusted brand for the supply of natural stone products and solutions.

Established in 2005, Sai Stone wholesales selected premium stone products to brick, paver and tile stores across Australia's East Coast.

We are proud to have been involved in numerous residential, commercial and government construction masterpieces through Sai Stone - 'STONE FOR PROJECTS'. Some of our major contributions include Melbourne City Council projects, the Royal Adelaide hospital and the Castle Hill Station by Northwest Rapid Transit Sydney.

Customer-Orientated

From design to delivery we aim to help bring your projects to life. No hassles, no dramas.

Quality

We take no shortcuts to maintain high standards of our products and services, and our customers agree.

Value

Stone materials are sourced and imported by us to provide you with the best products at competitive prices.

Local Manufacturing

Receive accurate custom shapes with minimal wait times from our local manufacturing facility.

√

* Surface Temperature: Marble (include Frozen Blue, Grey Apricot, Antarctica, Silver Ash) surface temperature was lower than most hard scope surface (e.g. timber deck, concrete footpath, porcelain tiles)

* Slippery is subject to stone type and surface finish. SAI products comply with Australian Standard.

Feature 2

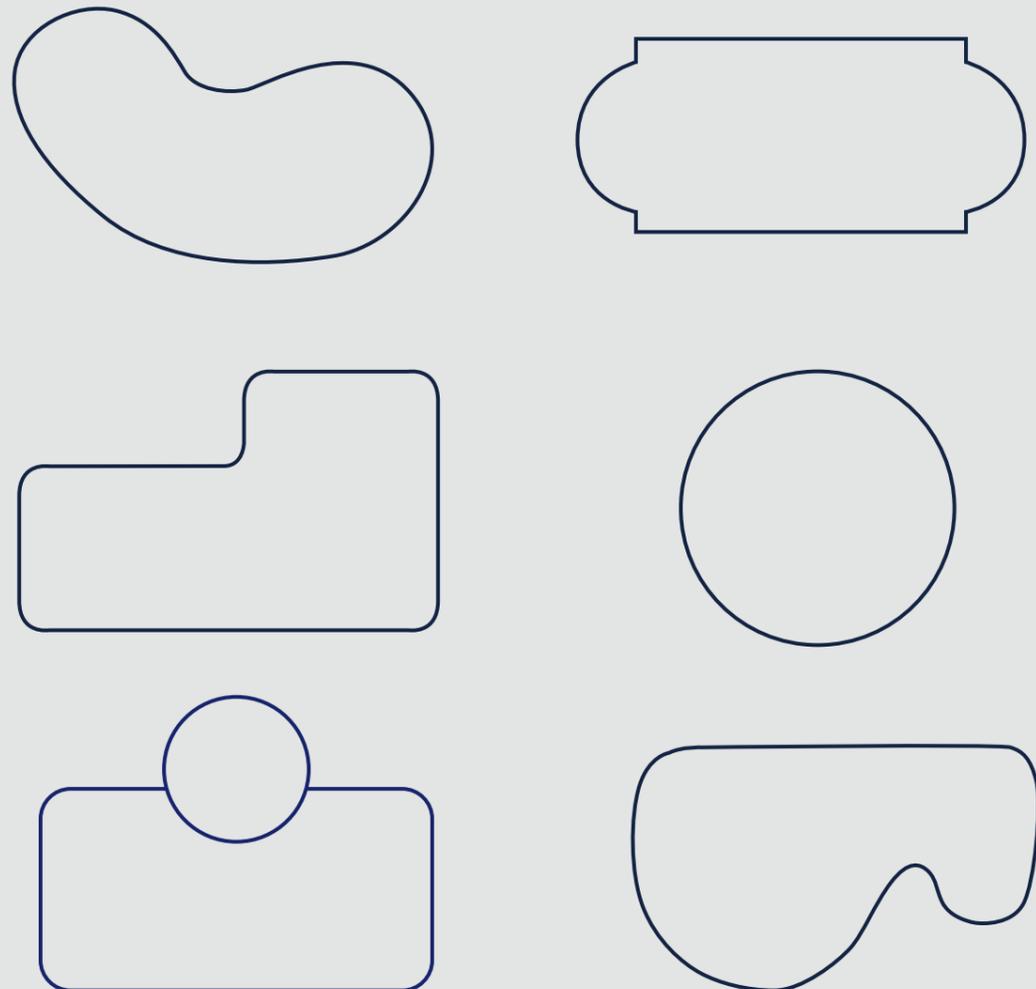

Feature

Pool copers should match to the shell.

Above statement may be easier said than done. It's a seemingly impossible task once we tackle all the pool shell shapes into consideration.

Thins are changed, with SAI's templating service.

All kinds of Curved Pools

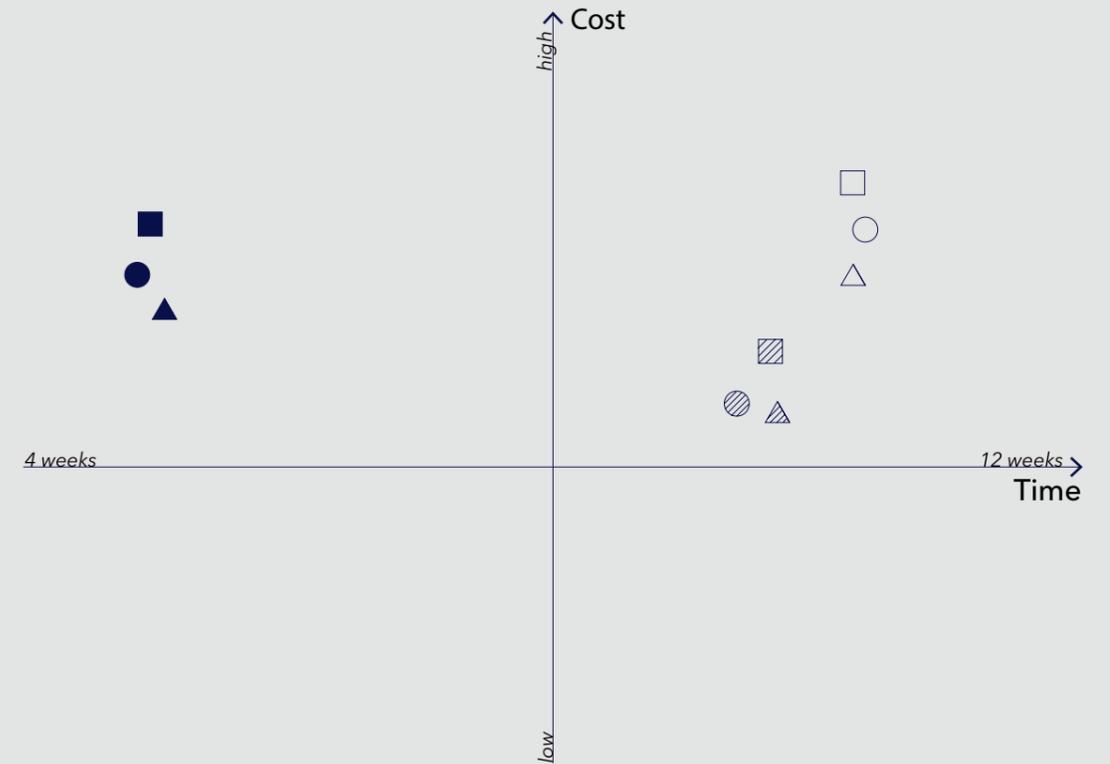

All profiles, all stone.

- Marble/Travertine drop face overseas
- ▨ Marble/Travertine bevel/bullnose overseas
- Marble/Travertine bevel/bullnose local

- Granite/Limestone drop face overseas
- ◐ Granite/Limestone bevel/bullnose overseas
- Granite/Limestone bevel/bullnose local

- △ Bluestone drop face overseas
- ▴ Bluestone bevel/bullnose overseas
- ▲ Bluestone bevel/bullnose local

SAI's standard profiles include: Bullnose, Bevelled Edge, Drop Face.
 SAI's standard stones include: Bluestone, Granite, Limestone, Marble, and Travertine.

Our customers are able to combine each stone to any desired profile list above to give you the look you want.

Above matrix may help you find the best matching for your curve.

Our Simple Templating System

01 Confirm Stone

All stones available: bluestone, granite, marble, travertine and limestone.

02 Confirm Edging

All profiles available: dropface, square edge, bullnose.

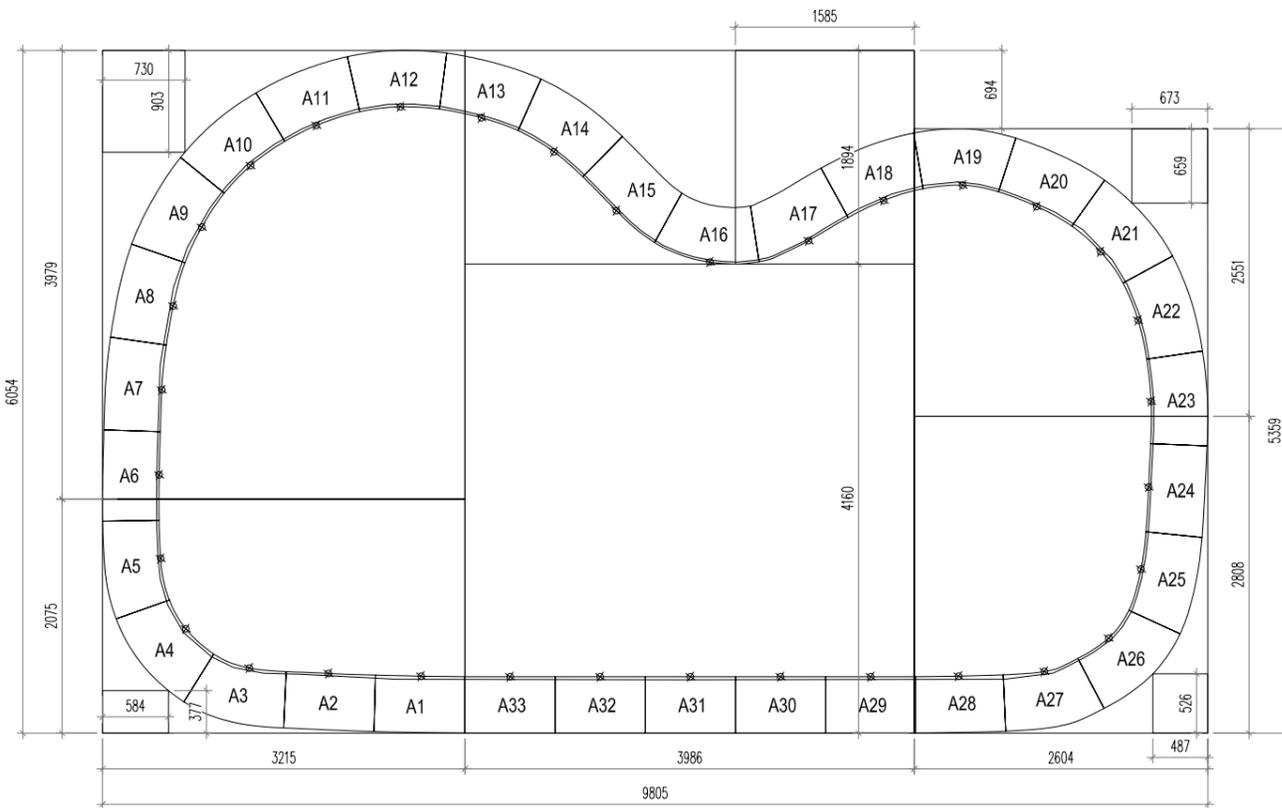

03 Confirm On-site Templating

Templating is a digitisation service which ensures perfect match for pool and copings.

04 Consider Job Done

Subject local or overseas processing, leading time varies from 3 weeks to 10 weeks.

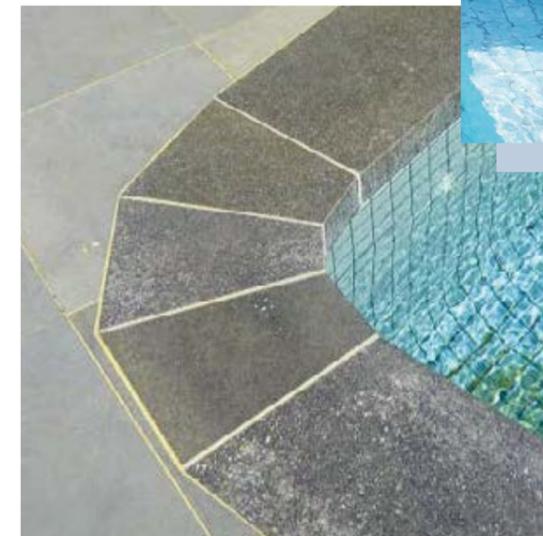

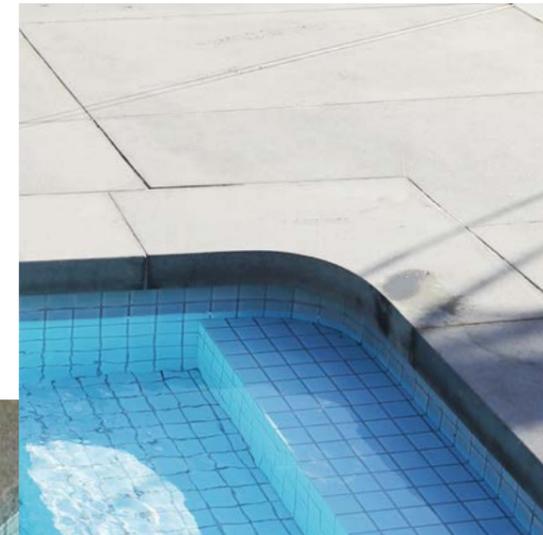

One-Piece Corner

One-piece pool cornering system in all stones and profiles, including Bluestone, Granite, Marble, Travertine and Limestone. Our local stone masons are highly skilled in curving stone and specialise in applications such as curved swimming pools and stone edging.

Plus, with over 6000 linear metres of coping in stock at all times, SAI Stone is guaranteed to have the supplies needed for a residential project of any size.

Easy Installation

Traditionally, you need to cut a lot of copper pieces to match pool corners. Today, SAI Stone's 'one-piece corner' saves your time and efforts.

Aesthetic Pleasures

Compared to traditional pool corner with 3 pieces copers with 'one piece corner', our design is also an effective way to aesthetically enhance the pool at your home.

Drop Face

Modern, bold, sleek, and versatile.

No wonder SAI moves tons of straight drop face copers everyday. Curved dropface promises the best of two world: drops and curves.

Stone:
Bluestone Sawn
Coper:
600 x 400 x 20/60 curved
Paver:
Ashlar Pattern 900 Series

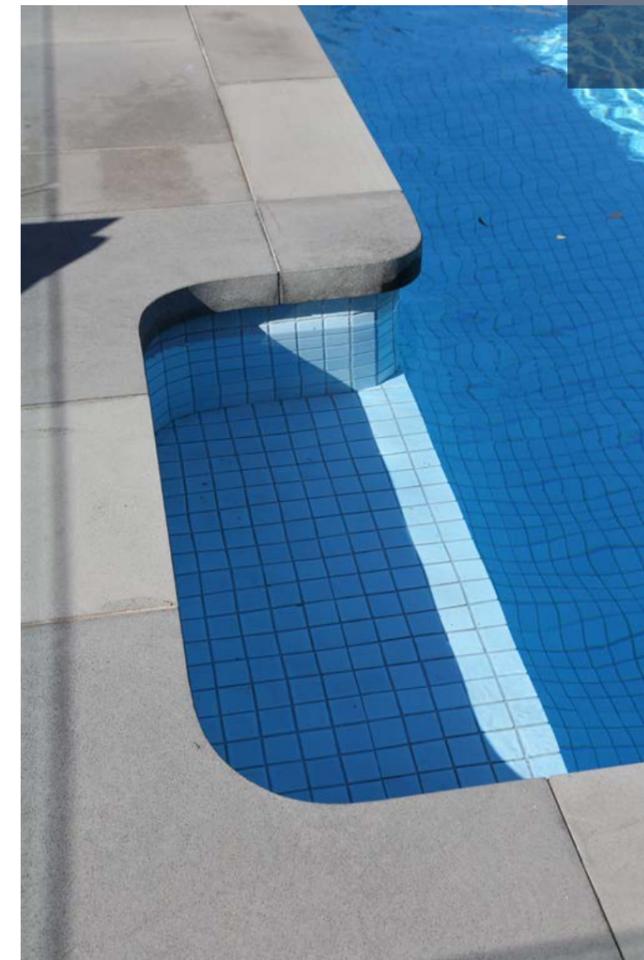

Corner with Straight Edges

Commonly, domestic pools come with straight edges.

Yet, many may ignore the curved corners, small but big enough and can not be covered by two copers at right angle.

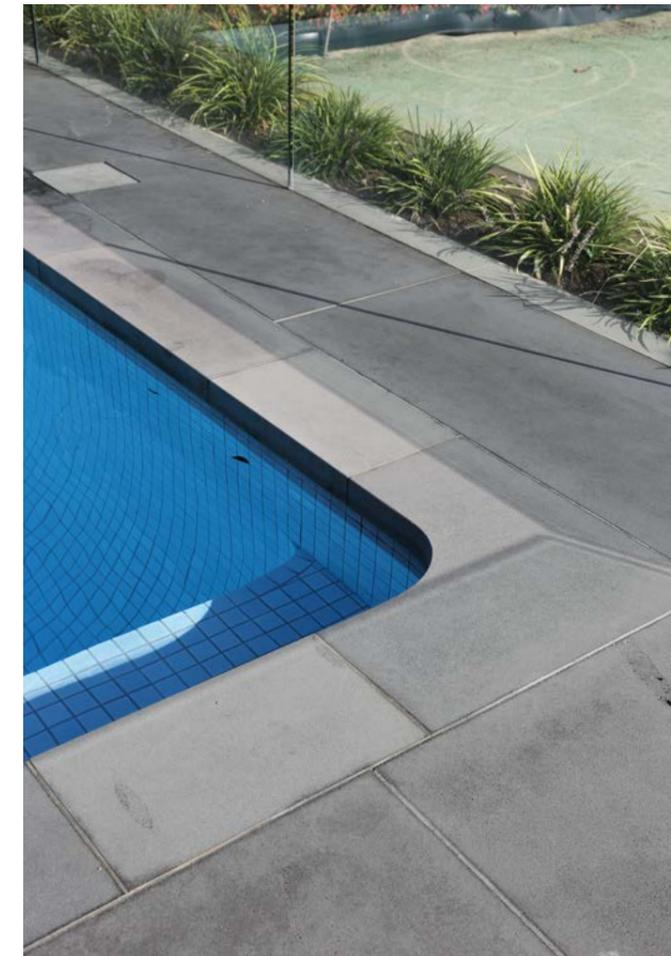

SAI's special templating service will ensure your pool look spectacular at the smallest details.

Stone:
Bluestone Sawn

Coper:
600 x 300 x 20/80 curved

Paver:
800 x 400 x 20

Local Bullnose/ Bevelled Edge

Bullnose strikes a perfect balance between old-school and modern. On the other hand, bevelled edge gives a sleek and minimal look.

Best of all, customers get the chance to go for local processing. In the cases when time is tight, SAI can deliver within 4 weeks.

Stone:
Belgium Blue

Coper:
600 x 400 x 30 curved

Paver:
600 x 400 x 20

Full Package Solution

A swimming pool was never built stand slong.

There are so many choices surrounding a pool. Contrast stone can be an interesting idea. Same batched stone is a default option.

SAI is able to complete your pool-scape with our rich producing line. Your pool, looks so good.

Stone:
Bluestone Sawn
